This work is funded by the European Research Council's Advanced Grant No. 269752 "Rethinking Comparative Syntax" (see [www.mml.cam.ac.uk/dtal/research/recos](http://www.mml.cam.ac.uk/dtal/research/recos)). Thanks to the other members of this project for comments and critique. Thanks also to the audiences of *Syntax of the World's Languages*, *WCCFL*, the *GLOW* Biolinguistics workshop and *FWAV* as well as to those who took my class at the 2012 EGG summer school for raising interesting questions and objections to the ideas presented here, in particular Joe Emonds, Martin Haspelmath, Jim Wood, Peter Jenks, Michael Diercks, Hilda Koopman, Alec Marantz and Richard Compton. All errors/omissions are, of course, entirely my own.
